Ceiling Fans Recalled by Westinghouse Due to Shock and Fire Hazards

The U.S. Consumer Product Safety Commission, in cooperation with Westinghouse Lighting announced a voluntary recall of 60 watt light bulbs included with the ceiling fans, that exceed the fan's maximum wattage. This can cause the ceiling fans to overheat or fail, which poses fire and shock hazards to consumers. Consumers should stop using recalled products immediately unless otherwise instructed. It is illegal to resell or attempt to resell a recalled consumer product.

Westinghouse Lighting ceiling fans with 24, 30 and 42-inch diameter blades are included in this recall. "Westinghouse" is printed on the fan's ceiling canopy. The item number is printed on the fan's motor housing. The following item numbers are included in the recall: 72243, 78631, 72245, 78763, 78764. Visit <http://www.cpsc.gov/cpscpub/prerel/prhtml12/12135.html> for more details.

These fans were sold by Home improvement and hardware stores, home centers and electrical product suppliers nationwide and online at www.amazon.com from January 2011 through January 2012 for between \$135 and \$150.

Consumers should immediately stop using the recalled ceiling fans and contact Westinghouse Lighting for two free replacement 40-watt light bulbs.

For additional information, contact Westinghouse Lighting toll-free at (888) 417-6222 between 8:30 a.m. and 5 p.m. ET Monday through Friday, or visit the firm's website at www.westinghouselighting.com.

Dare County's Mosquito Control Program to Start Early

Due to the mild winter and the early emergence of mosquitos through-out the County, mosquito spraying will begin 6 weeks early this year.

Funds were budgeted to begin mosquito control activities in mid-May, but additional funds have been provided to allow spraying to begin the week of April 2nd.

Larvaciding (treating standing water bodies to prevent adult mosquitos from emerging) began this week (the week of March 26th).

Kitty Hawk Encourages Residents to Participate in Curbside Recycling

The Town of Kitty Hawk works with Bay Disposal & Recycling/Outer Banks Hauling to provide recycling service for the residents of Kitty Hawk. A recent report from Bay Disposal & Recycling revealed that there was 7.54 tons of recyclable material collected in Kitty Hawk during the month of February. The recycled material consists of newsprint, corrugated containers, mixed paper, plastic, aluminum, steel, and glass.

Recycling is good for the environment as it extends the life of the landfills and provides a reduction of cost for the Town of Kitty Hawk. Outer Bank Hauling, a division of Bay Disposal offers curbside recycling collection services to Kitty Hawk Residents. A 95 gallon wheeled container is provided and no sorting is necessary. Collections are made every Monday. The cost for weekly, residential pick-up is \$8.95 per month and customers are billed on a quarterly basis. There are also seasonal programs available. Call Outer Banks Hauling today at (252) 480-6699.
